**2015-2016 School Year
 Immunization Requirements for Students in
 Kindergarten and Grade 1**

Dear Parent/Guardian,

New York State Law Section 2164 requires certain immunizations (shots) to enter kindergarten and attend school. Please check with your health care provider as soon as possible to make sure that your child has all the needed immunizations. They are listed below.

Required Immunizations for Kindergarten & Grade 1

Immunization	Number of Doses
Polio	4 doses or 3 if the 3rd dose at 4 years of age or older
Hepatitis B	3
Diphtheria/Tetanus/Pertussis	5 doses or 4 if the 4th dose given at 4 years of age or older or 3 doses if series stated at age 7 or older
Measles/Mumps/Rubella	2
Varicella (Chickenpox)	2

Please send proof of immunization to the school nurse where your child will be attending kindergarten.

Proof of immunization must be **any 1 of the 3** items listed below:

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIS or CIR from NYC) from your health care provider or your county health department
- A blood test (titer) lab report that proves your child is immune to the diseases
 - For varicella (chickenpox), a note from your health care provider (MD, NP, PA) which says your child had the disease is also acceptable.

If you have questions or concerns about immunizations, please contact the school nurse or nursing supervisor.

Thank you for your attention to these new immunization requirements.
